At The Vintages, there is no higher priority than the health and safety of our guests and team. We have always taken great pride in the cleanliness of our hotel and understand this is important now more than ever. Rest assured that we are committed to taking rigorous measures to maintain a safe environment while still providing a warm welcome.

Here’s what we’re doing to bring you some peace of mind in your upcoming travels:

- **Enhanced Cleaning Efforts**
  We have increased our sanitation procedures throughout our resort. This includes having dedicated staff wiping hard surfaces and frequently used items such as doorknobs, handrails, and cruiser bikes with disinfectants that qualify under the EPA Emerging Viral Pathogen Policy for SARS-CoV-2. We are also utilizing the same disinfectant to thoroughly clean trailers in between stays.

- **Taking Care of Our Team**
  We are nothing without our team. To ensure that our staff is healthy and safe, we’re encouraging precautionary health measures such as staying home when sick and frequent hand washing.

We are closely monitoring the rapidly changing news surrounding COVID-19 and its effect on our community. As we move forward, our actions will be based on guidance and recommendations set forth by the CDC, as well as with the safety of our guests and team at the top of mind.

Should you have any questions or concerns, please don’t hesitate to contact us at reservations@the-vintages.com or (971) 267-2130.

In the meantime, we are always ready to welcome you to The Vintages.

Therese Straight
General Manager
